Selection Committee
World Bank Group

I am writing to express my strong interest in the Local Field Coordinator position at World Bank Group. As an AI Engineer and Data Scientist with a background in Neurosciences, I specialize in building LLM architectures, Machine Learning solutions, and automating data pipelines.

In my recent roles as an Academic Coordinator and AI Mentor, I have successfully led technical teams and automated complex data workflows. I thrive in environments that require interdisciplinary problem-solving and the scalable application of artificial intelligence. I am confident that my technical expertise, combined with my leadership skills and critical thinking, will allow me to make a meaningful impact at your team.

I have attached my resume for your review. I would welcome the opportunity to schedule an interview to discuss how my skills and experiences align with your team's current goals.

Sincerely,

Sebastián Mesch Henriques
